

# Getting to ZER

## in the East Bay: June 2, 2017 EB Update workshop results

### Factors perpetuating disparities for young people of color: our word cloud

### Prevention and Linkage/Retention metrics & goals from the Integrated Plan for us to focus on:

#### Overall top goal/metric choices: By 2021...

- Increase the # people on PrEP by  $\geq 100\%$
- Increase the % of PLWHA retained with 1 medical visit/year to  $\geq 90\%$

#### All Prevention metrics, in order of combined voting poll results:

1. Increase the # people on PrEP by  $\geq 100\%$  [40% of vote]
2. Reduce the % of late testers among new HIV diagnoses by  $\geq 50\%$  [37% of vote]
3. Increase the % of MSM and TG persons tested by  $\geq 20\%$  [14% of vote]
4. Reduce the # of new HIV diagnoses by  $\geq 25\%$  [9% of vote]

#### All Linkage & Retention metrics, in order of combined voting poll results:

1. Increase the % of PLWHA retained with 1 medical visit/year to  $\geq 90\%$  [56% of vote]
2. Increase the % of PLWHA linked to care within 30 days of dx to  $\geq 90\%$  [25% of vote]
3. Increase the % of PLWHA who are virally suppressed to  $\geq 80\%$  [25% of vote]
4. Increase the % of Ryan White clients stably housed to  $\geq 90\%$  [2% of vote]

#### Strategies for us to focus on:

- Prevention: PEP and PrEP access, universal HIV screening implementation
- Linkage & Retention: re-engagement in care, mobile clinics
- Overall: community-based outreach, health staff education, PCP linkages, Sex Positivity across the lifespan

### Upcoming Fast Track Cities and Getting to Zero East Bay meetings:
